## THANK YOU EXODUS!

Kiya Survivors and the children of the Rainbow Centre, especially the Life Skills group, would like to say a massive THANK YOU to Exodus for their support that has allowed to buy and install our very own oven!

The arrival of the oven...

Here it is installed and ready to go!

The children have been learning how to make pizza from beginning to end...

Choosing and buying quality ingredients

Making the dough

Life Skills group rolling and kneading the dough.

15 year old Rainbow Centre student Udel with the pizza base ready to be baked.

Rainbow Centre student 18 year old Katy putting the first pizza in!

Preparing the toppings...

14 year old Cesar peeling and chopping tomatoes

Udel blending up fresh ingredients for a delicious tomato sauce

25 year old Rainbow Centre student Yonathan adding the secret ingredient!

Team work works best!

Serving up the finished product

11 year Rainbow Centre Soledad was certainly a satisfied customer!

Thanks to the support we have received from Exodus and the facilities we now have with our new oven, the young people at the Rainbow Centre are able to learn and put into practice real life skills...hygiene, shopping, money handling, food preparation, team work, selling of the pizza and other products the oven will allow them to make...and many more.

So....THANK YOU EXODUS! From  
Vicky and Udel!

THANK YOU EXODUS! From Ely  
and Cesar!
